A ketter of John Brown's.

A striking letter written by John Brown in
Boston in March, 1859, bas just been published.
It is addressed to his wife and children, and
runs'thus:

I now write to say that success so far attend-

taintes by H. S. diplomatic officers in certain foreign countries, and that the sentences of It is not often that wreckers clear a net profit consular or ministerial courts are totally with he allogation by Voorhees of high handed 'ambaalvage company just organized in Singu delegating judicial power to ministers or con-

democratic doctrine of supremacy of the constitution in the face of democratic attacks on it."

A Washington dispatch announces the publication of the first volume of the recently norther. cation of the first volume of the records of the war of the rebellion. Other volumes will pay follow rapidly. This great work has been under the relations of the rebellion of the resulting and contemptible. The estentations confession made a few dars ago that the letter was a forgery was a shanciess attempt of hyporrisy dortakes by the payorament, and appropriate by the government, and preparation to assume the cirtus of sincerity: for the paper for it has already been in Progress for eight progress for eight classification of the records has occur as for form as it knows that fact now. Every mindful attention of a least form of the first that the letter was a forger as it knows that fact now. to attention of a large inve of cierks, se- body knows that the villainy was procured picted with special reference to sitness for the and paid for by the democratic national conemployment. The whole has been under an interest and the arresponsible paper that was porvision of Gol. Robert N. Scott of the army, made the instrumen; of getting it before the

The Mormon organ at Salt Lake wants Cov. risques have taken place in that ferritory. Thomas Bailey free that the rental system, the planting character of the rental system. Address gives in an article in which be condenses into one passen named Smith all the character that will be payable with a states that the rental system and fine which in dormany attends on imple an action as getting married when one is a foreign case, and fine which in dormany attends on imple and the will be payable with the statement is, in the set of the unparalleled extent of the creations of these feufal tyrants can be formed when we state that that little island, over and shows the sent of the local government, crown about \$46,000,000 annually to these landhold, were made shown we state that that little island, over many about \$46,000,000 annually to these landhold, were made shown we state that that little island, over many about \$46,000,000 annually to these landhold, were made to specify the within at least one to the local government, crown about \$46,000,000 annually to these landhold, were made to specify the within at least one to the local government, crown and constability. Days the within the state of the local government, crown and the local government and the local gover and an address on the iniquities of the lumale journalist, each character sections of these fended tyrants can be formed when we stake that, that little island, over and shows the seast of the float government, crown emission, generators, and consultary, payer should be successfully an analyty to these landholds as as verify which, within six months from this is also, will be \$2,000,000 more than the people of this great, wealthy country will have to pay in increase on the holds radional debt.

After the refr pring of the 700 millions of 5 and 1 per cent bonds falling due nort. May and July into 5% per cents, the interest on the Mole andional debt.

After the refr pring of the 700 millions of 5 and 1 per cent bonds falling due nort. May and July into 5% per cents, the interest on the famorican debt will be about 66 millions of delicate a year; and this is a smaller sum than is ground out of the weethed Irab farmers on their tenements. And this not for a single year, but generation after generation. The British national debt is 3,760 millions of dollars. The Irish have paid very nearly that wins in reasts since the leating confiscated by the English government, and made gifts to Iwand and the confiscated by the English government, and made gifts to Iwand and the confiscated by the English government, and made gifts to Iwand and the confiscated by the English government, and made gifts to Iwand the interest of the court. The adjoined on the confiscate in the farmer of the surface and retainers of the court, the adjoined on the confiscate in the farmer is the principle of the interest in the same of the court is the adjoined on the court of the court. The adjoined on the court of the court is the farmer when it easys.

For over 100 years the bulk of the Irish people and the range is narrow." The chief tends in this is given the farmer of the lating in the most sorial was the same interest on the deal confiscated for the Irish people and the range is narrow." The chief tends in the same interest on the deal in the same of the lating in the most sorial was the same interest on the deal in

co of exing out a weetched existence from land the most of white was present by force from land the most of which was present by force from land their accessors, and which to-day they simply sak the poor priv tege of purchasing back, this choymay be frow from the litter alternative of starvation or experiation.

An item in the consular bill, appropriating funds to pay the rent of Chinase prisons in which American offenders are confined, occasioned an interest ng debate in the senate yesterday. Carponter's point that the consilinations of some sports to antiferry for the judicial functions assumed under direction of congressional statutes by U.S. diplomatic officers in certain this generation.

of \$299,930 on a single operation; yet such out legal force, seems to be well taken; while seems to have been the good luck of a diving measures in connection with trials of criminals abroad, gives I pertinonce and immediate
importance. Curtainly congress ross too far in
delegating judicial power to ministers or constill without anytherity of the last steamer. This was the way of it:

splis which proves to ministers or countries in straint of the constitution; and no treaty stipulation, with China or any other government can give that power which the constitution fails to supply. No one will deny the recossity of consular countries, but reason and justice demand that they rest upon legal authority and not upon more askinowledgement of their necessity. An amendment to the constitution is clearly need. The sonate debate on the subject yesterday in which, Brown, Hoar and others took part, afforded some near instances of retort, not the

Leaf sharp being Carpenter's answer to Brown that the Wew Fork Tribune thinks the Germans that the was "almost thred of upholding the of that city who have heretofore acted with the

join the republican party. It says:

The chapter condition of the New York city democracy affords a good opportunity for the decrean element to draw out of the concern. The German are too good chizens to remain tied to a party whose chief object is to pluidler the hav-paces. The democracy has no claim upon their gratitude. It has done nothing in the bas-payers. The democracy has no claim upon their gratitude. If has done nothing it return for he support they have given it say to dole our gradingly a few affects to self-up pointed German leaders. If the German should transfer their large vete to an organize, then representing the popular domaid for reduced taxes, communical government, and clear streets. He democrats could not carry another municipal election in this city.

the domocratic civil service reform propo-

sitions:
Here now the schate and some democratic organs are talking about civil service reforms a great democratic policy. That's the kin obmousement that makes our party contemptible. If Hancons (and provided in his letter of acceptance that he would not remove any office holder on account of potitios, nor for any cause except note conducter or exquancity, after the next 4th of March, that would have been civil service reforms.

purpose of vilonaries, it mairings of Viss. THE OREGONIAN RATIONAL IND THE B sent Truey and brief M. Smith Ir. th. Uni. PUBLIC LEVEE.

Morison street it there were no bridge, could be towed up through the dram. The pilots here are no doubt as expert as those of other rivers, and with the prefection offered by the piles, vessels can make the passing must tended by more time ordinary danger of acets dent. The 'support' for the draw, bulled will extend one hundred feet up and down stream from the pivoqu plant, will be constructed of piles strongly briced and which will also spring is a vessel drifts against them.

We did not expect to got through building the bridge without a hasant and are prepared to successfully defend one. I think we will be able to prove that the bridge win oscilous obstruction to invergation. It is a matter of impossibility to build any sort of a bridge which will not be an imconvenience to slipping and without incurring some opposition. What we have time to avoid, and I think have avoided, is making a possitive obstruction. If we become convinced that the necessities of navigation require that the draw to modified we will be glad to make such modification.

While we hold that the have full power under the state that the bridge will not preve a menuse to be shipping. I have the bridge will not preve a menuse to be shipping. I have the state that the bridge will not preve a menuse to be shipping. I have the bridge will not preve a menuse to be shipping. I have the shipping and the state that the bridge will not preve a menuse to be shipping. I have the shipping the stock may be shipped to be considered to exceed which the work with out consulting the government we still, ultimate to the theoretic to previous the work with out the state of the state that the bridge will not preve a menuse to the shipping. I have the state of the state of the shipping and observed to shipping and the shipping and the same that the bridge will not preve a menuse to the shipping. I have the shipping and observed to shipping and the shipping and

Her foot was shed with his arms a claimed on the first comer when our funds are shell with his arms a claimed, and the foot was shed with his arms articaled, and only the first comer when our funds are shell with his arms articaled, and shell work hat we cannot give anything to the first comer when our funds are shell with his arms are shell with his arms.

Lagra file of snow has covered the heavy sinks driving him the order of the first comer in young the foot one will difficulty.

Her foot was shed with his arms articaled, and one with his arms are shell with himse, sausages, "And with his arms are shell with himse, sausages, "And with his his arms articaled, and was fall out with his arms articaled, and out with his arms articaled.

Hadd for was shell with his arms articaled with his arms articaled that he ought to apply to the least from his his arms and then beging to prove the fill the evening.

About 3 o'clock in the sterion her the same was in trouble, and I am going to prove to you that I am not negrateful."

Have it, "rried he, on end with the saeling my sonn friend." Allow the same in unloading to when I with a way in the capital or the responding to the first comer in the tower one was a way in the capital of the particular with th

ton, with his arms actoned, and many site his arms actoned, and aried, out, with a very pronouncid and red, out any saws from the Duke. At last, all the same and red, out any saws from the Duke. At last, all the council and the pronouncies of the pronouncies of the pronouncies of the pronouncies of the pronouncies. The pronouncies of the pron

pronounced in a low may, half-sarcastic tone of seahappy sexagenarion, the local his face while his

Jose desired at least!" was my bell to ware the gamblers when the police arrived.

"This information was a ray of light to me. I picked up an Italian in want sike long to tear a leaf out of sible at least least least a least lea

This is the following to my chiral the bearer gets a dinner:

I shall be home within an interest of the captain, "take is and to morrow we will see that you get a said to morrow we will see that you get a said to morrow we will see that you get a said to morrow we will see that you get a said to morrow we will see that you get a said to morrow we will see that you get a said to morrow we will see that you get thin his instructions.

I shall be home within an gave him his instructions.

The creented punctually what I had the said to make the said the said

"Well, now, nounsup went to go back to Italy?"

"That is my only desire,"
"Well, I will take you to some Italian proscripts that I know, and you can explain to them your position."

"Twould be useless Unly give me "Fre Bacso," Gondino cried, "that's a safe to the continuation of the co

proscripts that I know, and you can extension to them your position."

Two light implicit you have been set root of water farting, drifting, drift

and bed instincts, but Satan contented himself by saying that he would not deprive him of half of the milions at route etc. A test, slegant in form but long south, an immeans gray aloas, and solve all at the said advise him to responsible or handled. Such was a first signor Gondino.

The solution of the would not be signored by the signored solution of the signored solution.

The signor Gondino.

The sign

you that ill-gotten gains profit sometimes:

"Sixteen years ago I found myself in London penniless. I was going to throw myself in the Thames, when a detective who boarded in the same house as I confided to me a prescous secret, of which I availed myself, as you will. isted in Leicester Square, behind the Globe Theater. He gave me the num-ber and told me that he had 'palled' it

oer and told me that he had 'pulled' it often with his chief. I learned from him that an old woman sat every night, while gambling was going on, at the end of the consider, and that hidden in the wall within reach of her, right hand was a button, 'which,' when pushed, rang a hell to warn the gamblers when the police arrived.

The means to return to the string of the str

you risked going without bed and handed the Captain, who asked for 200 hem to the Jew down stairs.
